As manufacturers change
their plants over for war pro-
ducts, there is an ever increas-
ing trend toward reduction of
brands in many lines.

This is true in liquors, where
many of the newer companies
with their cheaper brands are
now "off the market."

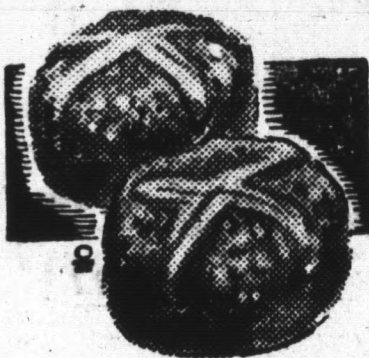

Simplified, then, is the selec-
tion of quality wines and li-
quors for serving friends in
your home. For the older,
well-advertised, known-qual-
ity beverages featured at the

have been proven by public

Now It's Home Parties

With the old family car in the garage most of the time, we're learning to know our neighbors. We are entertaining our sisters, our cousins and our aunts. We have gone back to the "homey" get-togethers of Grandmother's day — and we actually like it.

These get-togethers call for meals or lunches, particularly when they occur on holidays. So here is a suggestion for Washington's Birthday. Eliminate the cherries and the hatchet and it's good on any day. Something light for the children, easy to prepare, nourishing, inexpensive and very attractive! What more could you ask for?

Washington Rennet-Custard
3-oz. package candied cherries
2 cups milk, not canned
1 package vanilla rennet powder
4 or 5 individual jelly rolls
Quick fudge frosting
Candied citron

Set out 4 or 5 dessert glasses. Save out as many whole cherries as you have glasses, and cut rest into small pieces; drop these pieces into the glasses. Warm milk slowly, stirring constantly. Test a drop on inside of wrist frequently. When COMFORTABLY WARM, (110° F.), not hot, remove at once from heat. Stir rennet powder into milk briskly until dissolved — not over 1 minute. Pour at once, while still liquid, into dessert glasses. Do not move until firm — about 10 minutes. Chill in refrigerator.

Frost jelly rolls roughly with chocolate frosting to resemble logs with rough bark; cut out a small wedge-shaped gash on top of each log. In the gash, insert a small hatchet cut from a thin slice of candied citron. When ready to serve dessert, cut the whole cherries in halves and place two halves on each rennet-custard; make cherry stems from thin strips of citron, and lay in place. Serve with a log and hatchet on the dessert plate. Makes 4 or 5 servings

Why pay MORE?

Yes, there are people who would gladly pay a premium for our prescription service. They feel it is worth "something extra" to be certain that each prescription is filled by a skilled, registered pharmacist, from fresh, potent ingredients, and exactly in accordance with the Doctor's orders.

Yet the fact is that it costs no more — often less — to have your prescriptions expertly filled in this reliable pharmacy.

Here's A Convenient List Of Those Foods Which Cost You Ration Stamps

Only One Change In Point Values So Far

With the rationing picture becoming more complex as the weeks go by it is more urgent than ever that everyone become acquainted with just what foods require the surrender of points.

In discussing the problem, Charles Suenderman, co-chairman of the Food Panel for local War Price and Rationing Board No. 63-12-3, pointed out that only one change has been made in the official table of point values for processed foods, which went into effect, March 1. He announced that the values of dried and dehydrated prunes and raisins and of all edible dry beans, peas and lentils have been reduced. Dates and figs (not hermetically sealed) have been removed from the list of foods currently being rationed.

Point value of dried and dehydrated prunes and raisins has been lowered from 20 points per pound to 12 points. Point value of edible dry beans, peas, and lentils have been reduced from 8 points per pound to 4 points.

Following is a list of processed foods on the ration list which require the surrender of point stamps:

Sealed, canned and bottled fruits and fruit juices (including spiced fruits); apples (including crabapples); applesauce, apricots, berries — all varieties, red sour pitted cherries, all other cherries except maraschino cherries, cranberries and cranberry sauce, fruits for salad and fruit cocktail, grapefruit, grapefruit juice, grape juice, peaches, pears, pineapple, pineapple juice; all other sealed, canned and bottled fruits, fruit juices and combinations.

Frozen fruits, including: cherries, peaches, strawberries, other berries, all other frozen fruits.

Dried and dehydrated fruits and soups, including: prunes, raisins; all other dried and dehydrated fruits, including dried lemon juice and dried orange juice; all dehydrated soups, dry beans, peas and lentils.

Sealed, canned and bottled vege-

tables and vegetable juices, including: asparagus; beans (fresh lima); beans (green and wax); beans, all canned and bottled dry varieties including baked beans, soaked dry beans, pork and beans, kidney beans, and lentils; beets (including pickled beets); carrots, corn, peas, sauerkraut, spinach, tomatoes, tomato catsup and chili sauce, tomato juice, all other tomato products, all other sealed, canned and bottled vegetables, vegetable juices, and combinations.

Frozen vegetables, including: asparagus, beans (lima); beans (green and wax); broccoli, corn, peas, spinach, all other frozen vegetables, baby foods of all types and varieties, excluding only canned milk and canned prepared cereals.

All canned soups.

There are big jobs to be done by those of us who are not on the home front. The home front offers tremendous tasks just as important as the fighting front.

Food is the invaluable weapon in this war. A starving Army and Navy can't fight—neither can hungry civilians supply the tanks and ships and planes so essential to Victory.

In addition to increased acreage which patriotic farmers are devoting in spite of labor shortages, thousands of patches of victory gardens are doing their bit in aiding the war effort. Victory gardens are taking some of the weight off the truck farmers,

...ppers and other essential individuals, thus releasing their efforts for work. And working in the garden is also making Mr. and Mrs. America stronger and better fit to do other war jobs.

Our community must be cultivated too, or it cannot be a well-regulated and happy place in which to live while doing our part to win the war. Patronizing local institutions, paying taxes, buying all War Bonds possible, making our homes lovely and livable, and ourselves each day cheerful and neighborly, are seeds of Victory each one of us can plant to grow a community that will be loaded down with a harvest of prosperity and good fellowship!

REWARD: ONE CAN

There's the advertisement which read: "Lost, collie pup. Reward: one can pineapple worth 21 coupons." Probably finders weren't keepers that time, inasmuch as a can of pineapple isn't being sneezed at, and a collie pup would require many points for feeding!

These days we're endeavoring to charm such of our friends as "don't wear out their shoes very often" and scorn three pairs a year as "two more than they require!" For them, our best pot luck supper and the gentle reminder—that we wear out our shoes so fast!

And how alert everyone looks, with a "gimine" gleam in the eye, when someone remarks all innocently that he or she never uses up last month's pound of coffee, let alone this one. They do say war is a great leveler.

Dressings styled for
salad glamour

Variety in a salad lies not only in the salad ingredients, but also in the dressing. Just a dash of this or that does wonders for your favorite salad dressing and mayonnaise, and changes the entire personality of the salads. And now that spring is getting under way, and fresh vegetables and fruits will be making their appearance on the markets in greater abundance, it's the opportune time to let generous salads assume a featured role on the menu. Salads are vitamin and mineral foods, you know, and do wonders for winter-tired appetites.

RUDDY DRESSING—Combine 1 cup salad dressing or mayonnaise with shredded raw beet and the juice of half a lemon. The beet tints the entire dressing. Chopped cooked pickled beets may be used, too. Delicious on raw or cooked vegetable salads.

MOCK HORSERADISH—Add ½ cup finely ground cabbage to 1 cup salad dressing or mayonnaise, and touch it up with a dash of salt and pepper and celery seed if desired. Use it as horseradish or as a dressing for meat and vegetable salads. Perfect as a relish on cold plate lunches or with sandwiches.

CHIVE DRESSING—Combine 2 tbsps. finely chopped or sliced chives with 1 cup salad dressing. If you've no chives, then the green tops of onions do the trick. Use this dressing on meat, fish and vegetable salads.

MOCK HOLLANDAISE—Mix 1 cup salad dressing or mayonnaise, 2 tbsps. prepared mustard, 1 tbsp. lemon juice, and a dash of salt, and serve as a sauce for hot vegetables such as cauliflower, asparagus, and artichokes.

PEANUT BUTTER DRESSING—To 1 cup of salad dressing or mayonnaise, add ¼ cup of peanut butter, and a few drops of lemon juice. Mix well and serve on cabbage, carrot, and fruit salads. It's especially good on apple salad.

SWISS MISS DRESSING—Add ¼ cup shredded Swiss cheese to 1 cup salad dressing or mayonnaise. American cheese has its flavor points, too. Both are the perfect dressings for fruits of all varieties.

PIQUANT DESSERT SAUCE—Mix 1 cup of salad dressing with ½ cup fruit juice, any kind is very good, and use as a topping for fruits. If a sweeter dressing is desired, add a bit of honey.

AND REMEMBER—Catsup, prepared mustard, chopped pickles, celery, olives, onion juice, garlic powder, meat and chili sauces, chopped hard cooked egg, horseradish, a dash of sage, chopped parsley and most any spice or herb can be added to salad dressing and mayonnaise for delectable taste variety.

DON'T LOSE SOCIAL SECURITY CARD

"Every time an American worker loses, destroys, or mutilates his social security account card, he is wasting as much money as it costs to provide 13 bullets to an American soldier," Edward J. Foley, manager of the San Mateo office of the Social Security board, 308 Baldwin avenue, San Mateo, said today. He asked that holders of social security cards safeguard them as a wartime conservation measure.

Nearly 2,000,000 duplicate account cards were issued by the Social Security board in the last 12 months, Foley said. They were

issued to persons who had lost or destroyed the ones originally given them.

"The money spent for printing, processing, and mailing the 2,000,000 duplicate account cards could have purchased more than 550 jeeps for the Army or 25,000,000 rounds of ammunition," Foley said, to illustrate the wastefulness of failure to safeguard the original cards. "If taken care of properly," he added, "the social security cards will last a lifetime," and gave the following tips:

"Don't carry your card with you unless you must. Put the lower half of the card in a drawer, safe, or other place where you keep valuable documents. Know where it is, then if you lose the upper half, bring this lower part into any Social Security Board field office and get a new card right away.

"If you change jobs frequently, and need to carry your card with you, don't just stuff it in a pocket. Put it in your wallet or card case, try to protect it against

loss, wear, or mutilation. Never keep your card in your overall or shirt pockets."

Foley also warned against using the card for identification purposes. He said the card is not only valueless for identifying persons, but such use results in wear and tear and shortens the life of the card.

INSTRUCTIONS.—To find the Point Value of an item:
1. Find out the net weight of the contents (from the label, if any).
2. In the line across the top of the chart, showing the weight in ounces and pounds, find the column in which this weight belongs.
3. Find the item in the listing of items in the column to the left.
4. The POINT VALUE of the item appears in the same line as the item and in the column listing the correct weight.
All Point Values must be determined by weight. If no weight is marked on the item, the item must be weighed.
In finding the Point Value of a container where contents are given in fluid ounces, consider the fluid ounce to be the same as the corresponding weight ounce. One pint is one pound; one quart is two pounds.

The Point Value of any item weighing more than 50 pounds shall be arrived at by multiplying the number of pounds of that item by the Point Value per pound of that item as shown in the "Per Pound" column. Fractions of a pound should be figured in quarter-pounds. Fractions of a quarter-pound should be figured to the next higher quarter-pound. Thus, an item weighing 4 pounds 9 ounces would be considered as weighing 5 pounds 12 ounces for the purpose of finding the Point Value of that item.

Lucca Meat Market will continue to operate for the duration. We shall be open whenever we can be supplied with meat for retail sale. We thank our many friends and customers for their past patronage, and will be happy to serve you again when our meat supply is sufficient.

Fruits and Vegetables

Take advantage of our big selection of fine quality, daily-fresh vegetables and fruits in season to stretch your family's food stamp allowance. You'll find we have the finest selection of such foods on the market, and at the lowest possible prices.

Save money, point stamps and shopping time by getting these important foods in their best form—fresh from the grower. Conserve canned foods for Uncle Sam's fighting forces.

WE DON'T KNOW

JUST WHAT THE EFFECTS OF THE NATIONAL MEAT RATIONING PROGRAM WILL BE. WE HAVE NOT YET BEEN TOLD THE DETAILS OF ITS OPERATION.

WE DO KNOW

THAT WE WILL CONTINUE TO SELL THE BEST MEATS AVAILABLE, AT FAIR PRICES. AND THAT WE WILL CONTINUE TO TRY TO MAKE SHOPPING AS PLEASANT AS POSSIBLE FOR OUR CUSTOMERS.

WE HOPE

the program will provide an equitable distribution of good meats so everyone will be able to purchase a fair share of the current supply.

We hope to be able, next week, to announce a new schedule of hours which will allow greater shopping convenience, both for the housewives and for persons engaged in war work.
